**FINAL STATEMENT**

OF

Wm. W. Hale, Capt.  
 8<sup>th</sup> Reg't of Mass. Cavalry

**VOLUNTEERS.**

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other COMMANDING officer commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the muster roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these muster rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 3d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipment, and other miscellaneous charges, should appear under the heading of "Other Stoppages."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Sutter and Landrum must be entered on the muster roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for deceased volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate, to the Second Auditor, Washington, D. C.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *blind*, &c., &c.; to describe particularly the disability, wound or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1290 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers or any obscure disease liable to be feigned or purposely produced: and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander: or, if the troops are not attached to a division, to his corps department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper: see that the soldier is furnished with the proper final statements in duplicate, and forward two of these certificates to the Adjutant General United States Army, at Washington, D.C.: they will not under any circumstances be given into the hands of the soldier.

The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1200 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificates be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward those papers to the regimental detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and attach the proper final statements in duplicate, and forward two of these certificates to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

# NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

# NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *l. b. d. c.*, &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of a discharge by Medical Inspectors, the last paragraph will state that the discharge was given by consent of the soldier, after a personal examination, and for disability, the *l. b. d. c.*, and origin of which are correctly described in the within certificate.

For 1200 Regulations, Ed. 1865.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, epistaxis, ulcers, or any chronic disease liable to be feigned or purposely produced; and in no case shall such certificates be given until after sufficient time and examination to detect any attempt at deception.

# DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the company detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge soldiers may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward both of these certificates to the Adjutant General United States Army, at Washington, D. C.; they will not, under any circumstances, be given into the hands of the soldier.

# ARTICLES OF WAR.

ART. 96. When any non-commissioned officer or soldier shall die, or be killed in the service of the United States, the then commanding officer of the troop or company shall, in the presence of two other commissioned officers, take an account of what effects he died possessed of, above his arms and accoutrements, and transmit the same to the office of the Department of War, which said effects are to be accounted for, and paid to the representatives of such deceased non-commissioned officer or soldier. And in case any of the officers, so authorized to take care of the effects of deceased officers and soldiers, should, before they have accounted to their representatives for the same, have occasion to leave the regiment or post, by preferment or otherwise, they shall, before they be permitted to quit the same, deposit in the hands of the commanding officer, or of the assistant military agent, all the effects of such deceased non-commissioned officers and soldiers, in order that the same may be accounted for, and paid to, their respective representatives.

## ARMY REGULATIONS—EDITION OF 1861.

### DECEASED SOLDIERS.

Par. 132. Inventories of the effects of deceased non-commissioned officers and soldiers, required by the 96th Article of War, will be forwarded to the Adjutant General, by the commander of the company, which the deceased belonged, and a duplicate of the same to the colonel of the regiment. Final statements of pay, clothing, &c., will be sent with the inventories. When a soldier dies at a post or station absent from his company, it will be the duty of his immediate commander to furnish the required inventory, and, at the same time, to forward to the commanding officer of the company to which the soldier belonged, a report of his death, specifying the date, place, and cause; to what time he was last paid, and the money or other effects in his possession at the time of his decease; which report will be noted on the next muster roll of the company to which the man belonged. Each inventory will be entered, "Inventory of the effects of \_\_\_\_\_, late of company (—) \_\_\_\_\_ regiment of \_\_\_\_\_, who died at \_\_\_\_\_, the \_\_\_\_\_ day of \_\_\_\_\_, 186—." If a legal representative receive the effects, it will be stated in the report. If the soldier leave no effects, the fact will be reported.

Par. 133. Should the effects of a deceased non-commissioned officer or soldier not be administered upon within a short period after his decease, they shall be disposed of by a Council of Administration, under the authority of the commanding officer of the post, and the proceeds deposited with the Paymaster, to the credit of the United States, until they shall be claimed by the legal representatives of the deceased.

Par. 134. In all such cases of sales by the Council of Administration, a statement in detail, or account of the proceeds, duly certified by the Council and commanding officer, accompanied by the Paymaster's receipt for the proceeds, will be forwarded by the commanding officer to the Adjutant General. The statement will be entered, "Report of the proceeds of the effects of \_\_\_\_\_, late of company (—) \_\_\_\_\_ regiment of \_\_\_\_\_, who died at \_\_\_\_\_, the \_\_\_\_\_ day of \_\_\_\_\_, 186—."

NOTE 1.—The effects in all cases, when called for, should be turned over to the legal representative, without further authority from the Adjutant General. When the effects are turned over to the relatives of the deceased before these inventories are sent to the Adjutant General, their receipts therefor should be attached to the inventories. In all other cases, one copy will be sent with a letter of transmittal direct to the Adjutant General, and a duplicate retained by the officer.

NOTE 2.—Particular care should be taken to take receipts in duplicate from the Paymaster for any funds turned over to him; one copy should be sent direct to the Adjutant General and one retained by the officer.

TREATMENT.

[REMARKS REPORT CONTINUATION AND ALL OTHERS.]

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *l. s.*, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability; the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Ed. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, opthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the company detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; say that the soldier is furnished with the proper final statement in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not, under any circumstances, be given into the hands of the soldier.

I CERTIFY, that I have carefully examined the said John Henry of  
 Captain (Wm.) Company, and find him incapable of performing the duties of a soldier  
 because of Chronic inflammation of long duration, rough  
Sciatic neuralgia of the right leg, which has  
so far debilitated this man as to incapacitate  
him for the duties of a soldier. In my opinion

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

When a probable call for pension, special care must be taken to state the degree of disability—as *d.*, *p.*, *d. &c.*, *d. &c.*; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1900 Regulations, Edn. 1881.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, detachment of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action order and return, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

## FINAL STATEMENT

Private James M. Hodges  
8<sup>th</sup> Regt of M. i. Cav.

### VOLUNTEERS.

Died July 25, 1864

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other COMMISSIONED officer commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment entered on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the muster roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these muster rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 3d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Stoppages."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Soldier and his family shall be entered on the muster roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for deceased volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate, to the Second Auditor, Washington, D. C.

ADJUTANT GENERAL'S OFFICE.

NOTE 1.—This blank will be used for both enlistments and re-enlistments—enlistment of veterans, &c., &c., in the volunteer service. They will be made out in duplicate in all cases—one to accompany the recruiting returns of the superintendent (not the recruiting officer) to the Adjutant General, and one to accompany the accounts of the officer who pays bounty, &c. The Regiment and Company in which the soldier last served should be given on the back.

NOTE 2.—An enlistment holds to service. A master-in-must, in all cases, precedes payment of pay, bounty, pension &c. A master-in-must, in all cases, be filed in the Adjutant General's Office as evidence of service. The recruiting officer, commissary, or assistant commissary of musters, as the case may be, will accompany both enlistments as having mustered the soldier into the service of the United States before either of them is given to the disbursing officer.

FINAL STATEMENT

07

Capt<sup>e</sup> Wm<sup>t</sup> P. Hubbs  
8 Reg't of Mo Cavalry

VOLUNTEERS.

Died Oct 12, 1864

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other COMMISSIONED officer commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the muster roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these muster rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 2d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Stoppages."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Soldier and Landworn must be entered on the muster roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for deceased volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, & duplicate, to the Second Auditor, Washington, D. C.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *h, j, &c.*, &c.—to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edit. 1858.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any chronic disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward those papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge soldiers may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not, under any circumstances, be given into the hands of the soldier.

 FINAL STATEMENT  
 R 117

William Hudson C.A.  
 Capt  
 8 Regt of Mo Cav.

VOLUNTEERS.  
 Disch Sept 22/63

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other commanding officer commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificate.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. The endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the muster roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these muster rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for bank pay, &c., transmitted by the 3d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Charges."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Soldier and Landress must be entered on the muster roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement, otherwise the amount cannot be collected from the United States.

# FINAL STATEMENT

Army

OF

Jacob Huffst.  
S<sup>gt</sup> Reg't of Maine Cavalry

## VOLUNTEERS.

Nov 10 1862 Died

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other commanding officer commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the master roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these master rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 2d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Stoppages."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Sutter and Landrum must be entered on the master roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for deceased volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate, to the Second Auditor, Washington, D. C.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of a person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to describe the degree of disability—as 1, 2, &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate.

Par. 1210 Regulations, Edit. 1861.  
Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment in which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel to his division commander; or if the troops are not attached in a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

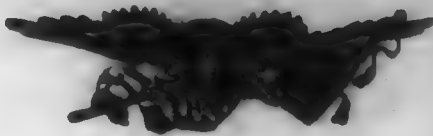

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate in duplicate, and forward both of these certificates direct to the Adjutant General (United States Army, at Washington, D. C.); they will not under any circumstances be given into the hands of the soldier.

OR

*John Humphrey Private & Co*

**VOLUNTEERS.**

*Died May 7 1864*

Note 1. - Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain, or other commanding officer commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificates.

Note 2. - If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

Note 3. - When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the Company Commander of the Soldier's account on the muster roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is that the remaining portion of the Soldier's account may be settled upon the receipt of these muster rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements, from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 2d Auditor of the Treasury Department.

Note 4. - Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Expenses."

Note 5. - Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

Note 6. - Amount due the Soldier and his dependents must be entered on the muster roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement, otherwise the amount cannot be collected from the United States.

Note 7. - This blank will be used for drafted volunteers and drafted men as well as for others.

Note 8. - Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate, to the 2d Auditor, Washington, D. C.

# MEDICAL CERTIFICATE.

Major John H. Henshaw  
Eighth Regiment of Mo. Vol. Cavalry,  
of the acceptance of resignation  
having applied for a Certificate on which to ground an application for leave of absence,

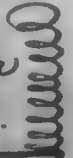

I DO HEREBY CERTIFY, that I have carefully examined this officer, and find that he has been suffering from general debility, and a peculiar susceptibility to malarious influences, which has kept him under medical treatment almost half the time since he entered the service. His constitution has become much debilitated, and may develop a permanent disease. and that in consequence thereof, he is, in my opinion, unfit for duty. I further declare my belief that he will not be able to resume his duties ~~in the service~~ while he remains in the service, unless it may be at short intervals, when he can avoid the ordinary exposures incident to camp life.

Dated at Spring Lake Mo.  
this 20<sup>th</sup> day of April 1889,

Surgeon 8<sup>th</sup> Mo. Vol. Cavalry

# ARTICLES OF WAR.

ART. 55. When any non-commissioned officer or soldier shall die, or be killed in the service of the United States, the then commanding officer of the troop or company shall, in the presence of two other commissioned officers, take an account of what effects he died possessed of, above his arms and accoutrements, and transmit the same to the office of the Department of War, which said effects are to be accounted for, and paid to the representatives of such deceased non-commissioned officer or soldier. And in case any of the officers, so authorized to take care of the effects of deceased officers and soldiers, should, before they have accounted to their representatives for the same, have occasion to have the regiment or post, by procurement or otherwise, they shall, before they be permitted to quit the same, deposit in the hands of the commanding officer, or of the assistant military agent, all the effects of such deceased non-commissioned officers and soldiers, in order that the same may be accounted for, and paid to, their respective representatives.

## ARMY REGULATIONS—EDITION OF 1861.

### DECEASED SOLDIERS.

Par. 152. Inventories of the effects of deceased non-commissioned officers and soldiers, required by the 55th Article of War, will be forwarded to the Adjutant General, by the commander of the company to which the deceased belonged, and a duplicate of the same to the commander of the regiment. Final statements of pay, clothing, &c., will be sent with the inventories. When a soldier dies at a post or station about from his company, it will be the duty of his immediate commander to furnish the required inventory, and, at the same time, to forward to the commanding officer of the company to which the soldier belonged, a report of his death, giving the date, place, and cause; to what it was he was last paid, and the money and other effects in his possession at the time of his decease; which report will be used on the next muster roll of the company to which the soldier belonged. Each inventory will be endorsed, "Inventory of the effects of \_\_\_\_\_, late of company (—) \_\_\_\_\_ regiment of \_\_\_\_\_, who died at \_\_\_\_\_, the \_\_\_\_\_ day of \_\_\_\_\_, 186—." If a legal receipt cannot be procured, it will be noted in the report. If the number becomes known, the fact will be reported.

Par. 153. The effects of all deceased non-commissioned officers or soldiers not be administered upon within a short period after his decease, they shall be disposed of by a Council of Administration, under the authority of the commanding officer of the post, and the proceeds deposited with the Paymaster, to the credit of the United States, until they shall be claimed by the legal representatives of the deceased.

Par. 154. In an absence of sales by the Council of Administration, a statement is drawn, or account of the proceeds, duly certified by the Council and commanding officer, accompanied by the Paymaster's receipt for the proceeds, will be forwarded by the commanding officer to the Adjutant General. The statement will be endorsed, "Report of the proceeds of the effects of \_\_\_\_\_, late of company (—) \_\_\_\_\_ regiment of \_\_\_\_\_, who died at \_\_\_\_\_, the \_\_\_\_\_ day of \_\_\_\_\_, 186—."

NOTE 1.—The effects in all cases, when called for, should be turned over to the legal representative, without further authority from the Adjutant General. When the effects are turned over to the relatives of the deceased before these inventories are sent to the Adjutant General, their receipts therefor should be attached to the inventories. In all other cases, one copy will be sent with a letter of transmittal direct to the Adjutant General, and a duplicate retained by the officer.

NOTE 2.—Particular care should be taken to take receipts in duplicate from the Paymaster for any funds turned over to him; one copy should be sent direct to the Adjutant General and one retained by the officer.

# FINAL STATEMENT

*Port Alfred J. Hyder Co. A.*  
*8<sup>th</sup> Reg't of Missouri Cavalry.*

## VOLUNTEERS.

*Disch. Cert. 12/63.*

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other commissioned officer commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter on the data necessary to a full understanding of the Soldier's account on the master roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these master rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 3d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Stoppages."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Soldier and Landwarrant must be entered on the master roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for deceased volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate, to the Second Auditor, Washington, D. C.

Sir

I have the honor to very respectfully tender this  
my immediate resignation as Captain Co "K" 8<sup>th</sup>  
Mo Cav Vals for the following reasons to-wit

I have been in the service of the United States for  
the period of two (2) years during all of which time  
I have done active field service. and have not had  
an opportunity of seeing and providing for my fam-  
ily that is situated in South Western Missouri a sec-  
tion of country very much devastated by the frequent  
incursions of guerrillas and bushwhackers. It has  
become imperitively necessary recently that if pos-  
sible I should see and provide for them.

Hoping this may meet the approval of the Comd<sup>y</sup>  
General I remain

Very Respectfully

Your most obt Servt
